January 12, 2012

Dear MERGE PROPERTY OWNER NAME:

As you may know, **we have a serious water shortage on the Nipomo Mesa.** Over the past several months informational mailings and community forums have been provided to inform local residents about the problem and an affordable solution - now known as **The Nipomo Mesa Supplemental Water Project** - ensure a continuing supply of fresh water to the Nipomo Mesa. Local property owners will have the opportunity to vote in the spring of 2012 on the formation of an assessment district to authorize and secure funding for the Project.

In order to develop the most equitable Funding Plan, we need to know that all the information we have about your property is correct. This will ensure that any assessment you may elect to pay is consistent with your current and potential future water use.

Accordingly, our records show that you are the owner of the property located at:

MERGE SITE ADDRESS

- Your property is identified by Assessors Parcel Number (APN) MERGE APN #.
- The records also show that this property size is MERGE ACREAGE acres.
- You are in a location served by MERGE WATER PURVEYOR.
- Your property has been categorized as MERGE CATEGORY. Your property will qualify for **MERGE BENEFIT UNITS "Benefit Units"**¹. Your property is proposed to be assessed based on existing development. Based on review of your property and current County of San Luis Obispo land use policies, a preliminary determination indicates no further development potential on your property, and therefore you will not be assigned additional "Benefit Units" for future development potential.

If the above property information is **correct**, you **do not** need to respond. However, IF you believe that any of the information listed above about your property is **incorrect, it is important that you correct the above information about your property by February 16, 2012, as this information may affect what you may pay annually in the event that a future water assessment is authorized by local property owners on the Mesa.** If you have questions about this letter or need to make any corrections, please contact:

Ms. Kari Wagner, c/o Wallace Group
612 Clarion Court, San Luis Obispo, CA 93401
(805) 929-0411 or Kariw@wallacegroup.us

More – turn page over

¹ For more information on "Benefit Units" attend an upcoming workshop or contact Kari Wagner (above).
